Compensation - Double - Concurrent Retired and Civilian Service
Pay - Retired Officer Serving as Member of National Security
Training Commission.

The provisions of section 212 of the Economy Act, as amended, limiting to \$3,000 per annum the combined rate of retired pay and civilian compensation which may be received by a retired officer holding a civilian office or position, are applicable in the case of a retired officer who is appointed a member of the National Security Training Commission at a per diem rate of pay when actually working, and therefore, such officer is not entitled to receive his retired pay on those days he is in receipt of compensation for service as a member of such commission.
